“Our passion is to deliver the best quality and performing property investments in the UK.

We always strive to produce the best rooms and accommodation on the market, providing tenants with the ultimate quality, convenience and luxury living.

Utilising our knowledge, experience and power-team and learning from our successes over many years, we provide a complete service to help property investors succeed whether they work with us, be mentored by us or simply want to sit back and utilise our hands-free services; from sourcing, renovating, furnishing, administration, management and much more.

Sharing the knowledge, know-how and care with serious property investors puts a smile on my face! Knowing we are creating the best investment properties in the UK for the best investors, makes me proud!!”

Founder of HMO Premier & HMO on Steroids – Peter Licourinos

WHY HMO'S? (HOUSE OF MULTIPLE OCCUPANCY)

HMOs are fast replacing the buy-to-let market, with returns up to 4 times higher with more opportunity to add value to a property. We have proved it is possible - by buying in the right place, at the right time, at the right price, you can enjoy below market value properties, carefully add value and invest in areas which will result in up 30% return on your capital, 10% yield, 10% ROI and up to £40,000 income per annum on one property.

WHY US?

We specialise in achieving all of this for our clients by producing high class HMO's for a growing audience of professional tenants, taking the strategy to another level with higher returns.

With over 20 years property experience in every area, you'll have a network of proven professionals to rely on for support and guidance so you have peace of mind that you're working with the best team every step of the way.

Our clients and partners are typically:

- People looking to make their hard-earned savings work better in both the short and long term
- People looking for hands-free investing with the best possible returns
- People looking for a new career in property or something that secures their financial future
- People looking to make their money go as far as possible in property and create income and capital.
